

ACTIVATION

◆ ACTIVATION REQUIRED

AvantEDGE Solution is committed to the protection of intellectual property rights and the reduction of software piracy. Everyone in the economic chain, not just the software developer, is hurt by piracy, including the reseller, the support provider, and you - the end user.

MagiCure contains a software-based product activation technology, which means that you must activate your *MagiCure* installation in order to authenticate its license.

◆ ACTIVATE MAGICURE OVER INTERNET CONNECTION

If the computer is connected to the Internet, you can easily activate your installation of *MagiCure* over the Internet connection.

1. Upon the purchase of *MagiCure*, you will receive an authorized Product ID from *AvantEDGE*. You can install *MagiCure* with the authorized Product ID and then activate it.

Alternatively - if you already have a demo version of *MagiCure* installed, you can upgrade your demo setup to full-working license using the authorized Product ID.

2. To activate *MagiCure* over the internet connection, right click *MagiCure's* system tray icon and select ABOUT from the popup menu. Click on the ACTIVATE button and select '*Activate MagiCure over Internet connection*', then click NEXT.

3a. If you have installed *MagiCure* with an authorized Product ID that you received from *AvantEDGE*, simply click on the ACTIVATE button.

3b. If you already have demo installation of *MagiCure*, you need to copy and paste the authorized Product ID that you received from *AvantEDGE* into the product ID field - replacing the demo product ID, and then click on the ACTIVATE button.

Congratulations!

You just fired-up fully-licensed *MagiCure* software - ready to run and faithfully protect your PC from any unwanted surprises. Whenever your PC gets into trouble, *MagiCure* empowers you to 'rewind' your system's state back in time - to previous healthy state, practically UNDOING any damage to your system or files.

◆ Note: You can only activate as many licenses as you authorized Product ID allows.

◆ ACTIVATE MAGICURE WITHOUT INTERNET CONNECTION

If your computer has *MagiCure* installed, but does not have Internet connection, you need to manually activate *MagiCure* with an activation code.

1. To manually activate *MagiCure*, right click *MagiCure's* system tray icon and select ABOUT from the popup menu. In open ABOUT window click the ACTIVATE button, and select '*Activate MagiCure without Internet connection*'. Click NEXT.

2. In the PRODUCT ACTIVATION Window, you will see a *Product ID* and *Activation ID*. Write both of them down, and then supply them via fax or phone to *AvantEDGE's* tech support.

3. *AvantEDGE* tech support will reply to you with an *Activation Code* - based on the *Product ID* and *Activation ID* you provided.

4. Now copy and paste the *Activation Code* into the *Activation Code field* and then click ACTIVATE button.

Congratulations!

You finished offline activation of your *MagiCure* license. Software is now ready to run. Anytime your PC gets into trouble, *MagiCure* will allow you to 'rewind' your system's state back in time - to previous healthy state, and keep you operational.
